SINGLE BED MODEL

KARAKAMPA SERIES II SPECIFICATIONS

(SPECIFICATIONS SUBJECT TO CHANGE WITHOUT NOTICE)

The Karakampa Series II is the lightest of the Centaur Products RV's. This model is for the traveller who spends most of their time on the bitumen, travels light and stays predominately in caravan parks with minimal off grid camping. With Independent suspension as standard, you can still travel to the destinations you enjoy and those would like to visit. Both standard layouts have ATM's of 1700kg with tare weights of approximately 1340kgs and ball weights of approximately 100kgs allowing them to be towed by some of the smaller SUVs on the market.

STANDARD SERIES II FEATURES INCLUDE

- Australian Made Hot Dipped Galvanized Box Chassis
- 1 Piece Twin Skin Moulded Fibreglass Front, Roof and Back
- AL-KO Independent Rubber Torque Suspension with AL-KO Electric Brakes
- Lightweight White Fibreglass Furniture
- Fibreglass Tables & Bench Tops available in Mont Blanc, Walnut or Blue Ridge
- Ergonomic Seating in Taupe, Light Grey or Dark Grey
- Caravan Stone Chip Protector
